Environmental Policy

John Roberts (Ffestiniog) Ltd

John Roberts (Ffestiniog) Ltd has been in business for 50 years. The company was incorporated in 1964 and celebrated its 50th anniversary in 2005. We have 3 main areas of expertise which are 'Haulage', 'Plant Hire' and 'Civil Engineering' work. The company is based on the outskirts of Llan Ffestiniog, within Snowdonia National Park.

The company's main environmental impacts are emissions to atmosphere as a result of road use and machines, as well as waste generated when conducting works such as road works, demolitions and construction work.

John Roberts (Ffestiniog) Ltd shall commit to -

- Preventing pollution
- Comply with all relevant legislation and other requirements
- Reduce, reuse and recycle its waste where possible
- Strive to minimize the fuel used as a result of road transport and haulage
- Aim to continually improve the environmental performance and reduce its environmental impact through the setting and implementation of the company's environmental improvement plan
- Increasing environmental awareness amongst staff, sub-contractors and suppliers.

This policy shall be annually reviewed by senior management, and shall be made available to all interested parties.
